CAUSE NO. 37369-GCA 68

You are hereby notified that on this date the Indiana Utility Regulatory Commission ("Commission") has caused the following entry to be made:

The Presiding Officer has reviewed the evidence filed in this Cause and has the following questions:

1. Why was the underestimation of gas costs so high for May, June & July?
2. The earnings test did not include the numbers for this GCA in the total calculations. Please update this in order to keep the records accurate.
3. In Appendix A, Effects on Residential Customers, the Petitioner's calculation uses the new base rates and service charges from the decision in the Utility Receipts Tax case but the OUCC doesn't account for this. Which calculations are to be included in the final order?

Boonville Natural Gas Corporation should file a response to these questions with the Commission at or before the evidentiary hearing.

IT IS SO ORDERED.
